Contest Scores

HARMONET SCORING SUMMARY, Seneca Land District Quartet Contest
 SPEBSQSA, Inc., Rochester, New York, October 2, 1999

 * SPECIAL NOTES ON SHOW PACKAGE SCORING *
 * *
 * This contest included the experimental "Show Package" format for *
 * the finals round. Each judge may award up to 40 points for the *
 * entire "package" presentation's entertainment value. The "SHOW" *
 * row in each finalist quartet score shows the Package score awarded *
 * by each category's panel (2 judges per category, 80 points total *
 * possible per category, 240 total possible points). The percentage *
 * shown under the "SHOW" header is the percentage awarded for Show *
 * Package points only. For example, in the first quartet, 39+60+52 *
 * =151, and 151/240 = 0.6291, or 62.9%. *
 * *
 * The TOTL score is the normal contest scores PLUS the Show Package *
 * score. The overall percent average is computed by dividing TOTL by *
 * 2640 maximum possible points (2400 contest points plus 240 show *
 * package points). For example the first quartet TOTL is 1877, so *
 * 1877/2640 = 0.7109, or 71.1%. *
 * *
 * To allow comparison with quartets in other Districts which did not *
 * use the Show Package format, The percent average is calculated *
 * using the TOTL amount LESS the Show Package scores, divided by *
 * 2400. So for the first quartet, (1877-151)/2400 = 0.7191, or 71.9%. *
 * This is the percentage that the quartets will be ranked with in *
 * the overall summary listing, even if the Show Package total *
 * percentage was higher. *
 * *
 * The Show Package format scoring rules also have a time penalty of *
 * one point per second over the time limit. If a quartet lost points *
 * due to a time penalty, these points would be added back into the *
 * total when calculating the contest-only percent average. *
